

# HALO™ 7 / 9 BALLISTIC HELMET PAD SYSTEM

Delta Three Oscar™ uses rate sensitive, soft and flexible D3O® materials for shock absorption and impact protection applications.

Focus on the mission-end, not the obstacles along the way. Stay safer with Halo™, the world’s most advanced ballistic helmet pad system.

Halo™ 7 & 9 deliver unparalleled comfort thanks to a proprietary dual density construction, while being 30% lighter than the next best-in-class competitor. All with no compromise on protection, exceeding the ACH blunt impact requirements by 33%.

### PRODUCT FEATURES

- 30% lighter than the next best-in-class competitor
- Exceeds ACH blunt impact requirements (AR/PD 10-02) by 33%
- Maximum comfort via proprietary, dual density cushioning & impact resistant layer construction
- D3O-proven blunt impact performance consistency from 1st to 2nd impact
- Unmatched thermodynamic impact consistency thanks to all-new D3O® technology
- Available in one-size-fits-all 7 & 9-pad configurations
- Removal of central oblong pad in 9-pad configuration allows for comms headset wearability
- Compatible with most Aramid and PE ACH, LW-ACH, MICH, ECH, LWH-type shells
- Premium anti-bacterial treated, moisture wicking MILSPEC fabrics
